

A-100

Economical, Biodegradable, Water-Based Emulsifier

Description: A-100 is an economical, but powerful concentrated degreaser that provides the grease and grime removal properties of a solvent cleaner yet, is water-based and therefore much easier and safer to use than harsh solvents. A-100 is strong yet, gentle on the hands. In addition, this formulation is scientifically controlled to be extremely powerful, non toxic and biodegradable. A-100 is designed to be mixed with water. It is economical and provides a safe, fast cleaning action that can be sprayed or mopped on surfaces and simply wiped off for most application situations.

Directions: **HEAVY-DUTY** - Dilute 1 part A-100 with 5 to 8 parts water.
Agitate with a brush if necessary. Rinse.
MEDIUM-DUTY - Dilute 1 part A-100 with 10 to 12 parts water. Rinse.
LIGHT-DUTY - Dilute 1 part A-100 with 40 parts water. Rinse.

May be used in high-pressure washers (hot or cold) or in a steam cleaner.
May be diluted up to 40 to 1 in these applications.
Authorized by USDA for use in federally inspected meat and poultry plants.
For Institutional and Industrial use only.
KEEP FROM FREEZING

Benefits - Features: EXTREMELY VERSATILE • ELIMINATES DUPLICATE PRODUCTS • CONCENTRATED
COST EFFECTIVE • NONCORROSIVE • FREE-RINSING • NON FLAMMABLE
BIODEGRADABLE • PLEASANT SCENT • USDA REGISTERED

Advantages: SUITABLE FOR ALMOST ALL INDUSTRIAL, INSTITUTIONAL, COMMERCIAL AND AUTOMOTIVE
CLEANING AND DEGREASING APPLICATIONS • REQUIRES LITTLE SCRUBBING
FEATURES AGGRESSIVE CLEANING ACTION

Where to Use: GREASY SURFACES • LOCKERS • CONCRETE FLOORS • DAMP MOPPING • KITCHEN WALLS
METAL SURFACES • OVENS • SWIMMING POOLS • PAINTED SURFACES • PRINTING PLANTS
ACOUSTICAL TILE • WHITE SIDEWALLS • BOAT EXTERIORS • ENGINES AND MOTORS
PLASTIC AND FIBERGLASS • SCRUBBING MACHINES

Recommended: MACHINE SHOPS • FACTORIES • CONSTRUCTION EQUIPMENT • COUNTRY CLUBS
MANUFACTURING PLANTS • ATHLETIC CLUBS • PARKS DEPARTMENTS • SCHOOLS
INSTITUTIONS • PROCESSING PLANTS • HOSPITALS • PRINT SHOPS • AIRPORTS
BARGE AND SHIP LINES • AUTO AND TRUCK FLEETS • OFFICES • RESTAURANTS

Specifications:	COLOR	Purple	DENSITY	8.85
	FRAGRANCE	Sassafrass	pH Range	12.5-13.5
	DILUTION RATION	Up to 1:40	VISCOSITY	Water Thin
	RINSEABILITY	Very Good	BIODEGRADABLE	Yes
	USDA AUTHORIZED	A-4	SHELF LIFE	One Year
