

DUMPSTER FRESH

Molecular Odor Suppressant

Description: DUMPSTER FRESH is a dry-like solid that destroys malodors in the air by attacking it at the source. It is ready-to-use and is very cost-effective. Only a small amount of DUMPSTER FRESH goes a long way: however, it still applies effective, instant results. It can be used in many different applications and can be used indoors as well as outdoors. It is truly a versatile product. This high-intensity deodorant is noncaustic and pleasant

Directions: General use - For best results sprinkle lightly into empty refuse and garbage receptacles. Add small amounts periodically. For cigarette urns - Use full strength or mix with sand. For sweeping - Mix with dry sweeping compound in areas where treated dust mops are used.
